**FREE • PREMIUM**

---

<Callout tone="key" title="The Entrepreneur's Core Discipline"> The true test of a founder is not in the launch, but in the discipline of the weekly rhythm. This pack provides the minimum viable operating system for founders who prioritize sanity and long-term endurance over chaotic speed. </Callout> I. The Weekly Operating Rhythm WOR Every week must begin with clarity and end with accountability. Use the Weekly Operating Rhythm WOR to enforce structure and prevent decision fatigue. Daily Blocks - Deep Work: 3 hours maximum of focused, high-leverage activity. - Interface: 2 hours maximum for calls, meetings, and emails. - Review: 30 minutes minimum for self-audit and planning the next day.

Weekly Flow 1. Monday Plan : Set the top 3 objectives O3 . Clear the inbox. 2. Wednesday Triage : Mid-week pulse check. Address the top operational risk. 3. Friday Accountability : Review O3 progress. Financial pulse check Cash/Forecast . <Rule /> II. The Financial Triage Checklist In times of uncertainty, clarity on cash is non-negotiable. This list is a survival checklist for cash-conservation mode.

- <ol> <li> Cash Runway: How many days until \$0? Must be visible daily .</li> <li> Customer Value: Which 20% of customers drive 80% of revenue? Call them. </li> <li> Burn Rate: Which 3 expenses can be eliminated today?</li> <li> Covenant Check: Are we compliant with bank/board agreements?</li> </ol>

<Rule /> III. 30-60-90 Day Planning Use this framework to align your team and board on immediate, measurable goals. <Callout tone="info" title="The Three Horizons"> 30 Days Triage : Immediate cash and operational stability. What must not fail? 60 Days Stabilization : Process hardening and resource alignment. What 3 systems need to be implemented? 90 Days Horizon : The market opportunity and key partnerships. What is the single biggest win we can capture? </Callout> <Rule />
