

# Legacy Canvas

Build something that outlives you: people, institutions, systems, and stories

## 1) Legacy aim (10 years)

If the work succeeds, what is measurably different in 10 years?

## 2) Beneficiaries & responsibilities

Who is being served, and what responsibilities must you carry faithfully?

## 3) Assets (tangible + intangible)

List assets you will build or steward (capital, IP, relationships, reputation, skill).

## 4) Institutions & systems

What systems/institutions will carry the legacy when you are not present?

## 5) Successors & transfer plan

Name successors and define transfer mechanisms (training, governance, documentation).

## 6) Review cadence

Quarterly review date
