FOLIO · CB-ROL-076

The Canon Builder's Rule of Life

A Rule of Life is not a schedule of chores; it is a constitution for the soul. It defines the borders between a man's mission and the world's noise—and enforces those borders under pressure.

The Canon Builder's Rule of Life

Lexicon: [Responsibility](/lexicon/responsibility) · [Sovereignty](/lexicon/sovereignty) · [Governance](/lexicon/governance) · [Legacy](/lexicon/legacy)

Operational Truth: A man without a Rule is a man at the mercy of other men's agendas.

Chaos is the default state; order is the earned achievement of the [Sovereign](/lexicon/sovereignty).

I. Definition and Purpose

A **Rule** (Latin: *Regula* — a straight edge, a trellis) is a **personal governance system**: boundaries, rituals, and standards that stabilise identity and output.

Without a trellis, the vine doesn't "grow free." It rots on the ground.

II. The Three Jurisdictions of Governance

Question: Is the reality of the situation documented, or is it merely discussed?

Red Flag: Decisions made in chat apps without a central record.

Question: Does the person responsible for the outcome have the power to change the process?

Red Flag: Responsibility without Decision Rights.

Question: What happens when a standard is missed?

Red Flag: Standards that exist only as "suggestions" with no consequence for drift.

III. Summary

Discipline is the price of freedom. If you do not govern yourself, you will be governed by men who are less capable and more cruel.
