Multi-Generational Legacy Ledger

**\*\*A governance system for families that intend to endure beyond one lifetime.\*\***

{“Most families speak about legacy in emotional terms. The Canon treats legacy as an engineered system—defined, documented, audited, and defended across generations.”}

A full governance worksheet for mapping generational assets, liabilities, stewardships, and risk controls.

---

I. The Governing Reality

Legacy is not what you leave behind.

It is:

- what remains stable without your presence
- what continues without reinterpretation
- what is transferred without dilution

If it cannot be:

- named
- measured
- assigned

...it will not endure.

Unwritten legacy does not survive the second generation.

---

II. The Multi-Generational Map (G0–G+3)

You are not the centre of the story.

You are a **\*\*link in a chain\*\***.

- **\*\*G-2 / G-1\*\*** ' What formed you
- **\*\*G0\*\*** ' What you stabilise
- **\*\*G+1 / G+2 / G+3\*\*** ' What you transmit

Your responsibility is not personal success.

It is **\*\*line stability\*\***.

Multi-Generational Legacy Ledger

Ledger Instruction

Define your position:

- **\*\*G0 (You)\*\***
- **\*\*G+1 (Children)\*\***
- **\*\*G+2 (Grandchildren)\*\***
- **\*\*G+3 (Great-grandchildren)\*\***

Then answer:

- What must exist at G+3 that does not yet exist today?
- What must stop at G0 so it does not reach G+2?

---

III. Asset & Liability Register (No Sentiment Allowed)

Legacy collapses where reality is softened.

This section requires **\*\*precision and honesty\*\***.

- Responsibility
- Formation
- Accountability

V. Risk Register & Control Systems

Legacy is not lost by accident.

It is lost through:

- unguarded patterns
- repeated compromise
- lack of enforcement

Core Risk Table

| --- | --- | --- | --- |

| RISK DOMAIN | PATTERN                | IMPACT | CONTROL MECHANISM                        |

VI. The Annual Legacy Council

Legacy is not maintained by intention.

It is maintained by **ritualised governance**.

Mandatory Annual Session

1. **Convene**
2. **Audit the Ledger**
3. **Correction**
4. **Re-Commitment**

> {"Legacy is not what you hope your children inherit. It is what you inspect, correct, and enforce."}

---

VII. Closing Position

Most families drift.

They:

- accumulate without structure
- inherit without discipline

Multi-Generational Legacy Ledger

- remember without building

This ledger rejects that model.

It enforces:

- clarity over sentiment
- stewardship over consumption
- continuity over personality

{"A family becomes an institution the moment its standards outlive its founders."}
