Governance Diagnostic Toolkit

{ "Governance is the art of maintaining order under pressure. When systems fail, it is rarely a failure of effort; it is almost always a failure of boundary." }

I. The Three-Point Diagnostic

Use this framework to evaluate your current "Jurisdiction of [Responsibility](/vault/lexicon/responsibility)."

Domain: Soul, mind, conscience.

Protocol: **The First Hour.** Silence, Scripture, prayer, and decisive clarity.

Domain: Body, environment, household order.

Protocol: Tactical exertion **3× weekly**, controlled nutrition.

Domain: Mission, craft, calling.

Protocol: Deep Work blocks, ruthless distraction elimination.

II. The Institutional Debt Scorecard

Rate each category from 1 (Chaos) to 10 ([Sovereignty](/vault/lexicon/sovereignty)).

- Communication**: Are decisions dated and stored in a Single Source of Truth?
- Cadence**: Does the team/household meet on a predictable, high-leverage rhythm?
- Financials**: Is there a clear runway and a debt burn-down plan?
- Security**: Are keys, secrets, and boundaries rotated and audited quarterly?

{ "If you cannot measure the drift, you cannot manage the restoration. Always start with the data, not the vibes." }
