Verification

Standards Brief

1) Decisions

- Facts first: single source of truth; date every number.
- Owner and deadline: one accountable person; one explicit date.
- Reversible vs. irreversible: bias to speed on reversible calls.

2) Cadence

- Daily: status, blockers, risks (15m).
- Weekly: outcomes scored, lessons captured, next 3 (45m).
- Monthly: standards review, debt burn-down, runway check.

3) Communication

- Write it down: decisions, assumptions, follow-ups.
- No triangulation: speak to, not about.
- Plain English: short, dated, action-oriented notes.

4) Workmanship

- Definition of done: clear acceptance criteria, demoable.
- Durability: simple, testable, documented.
- Name: work that carries your name must be worth keeping.

5) Security

- Least privilege: access by role; revoke on exit same day.
- Keys and secrets: rotate quarterly; never in chat or code.
- Incident drill: who calls whom; first hour playbook.

6) Release Discipline

- Branch, test, tag: no ad-hoc deploys; rollback ready.
